# Memorandum

**Date:** September 7, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

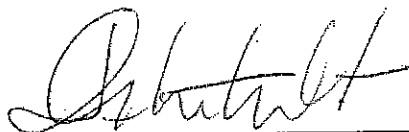

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Fiscal Impact Statement for Ordinance Relating to the Tree Trust Fund

---

The proposed ordinance relating to the Tree Trust Fund amends Sections 2-1336 and 24-39 of the Code of Miami-Dade County removing reference to the sunsetted Tree and Forest Resources Advisory Committee (Advisory Committee), creating a subaccount under the Tree Trust Fund dedicated to planting trees on public property and further requires that 35 percent of the previous fiscal year's contributions to the Tree Trust Fund be placed in the subaccount and used in a certain manner. The proposed ordinance also requires an annual report detailing the distributions from the subaccount to the Neat Streets Miami Board and the Board of County Commissioners.

This proposed ordinance is not anticipated to create a fiscal impact to the County as the removal of references to the Advisory Committee and creation of the subaccount will not require additional staffing resources or generate any new operational expenses.

# Memorandum

**Date:** September 7, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Social Equity Impact Statement for Ordinance Relating to the Tree Trust Fund

---

The proposed ordinance removes references to the Tree and Forest Resources Advisory Committee (Advisory Committee), which sunsetted in 1993; creates a subaccount under the Tree Trust Fund dedicated to planting trees on public property; and further requires that 35 percent of the previous fiscal year's contributions to the Tree Trust Fund be placed in the subaccount. Funds deposited into the subaccount shall be used to enhance roadways and transportation gateways with a preference given to areas with 20 percent or less of tree canopy and located in a Census Tract that is in the fourth or fifth quintile distribution of Median Household Income.

Residents and businesses in, as well as commuters through, areas with diminished canopies and are of lower household income will directly benefit from the planting of trees with funds from the proposed subaccount. Additionally, the Advisory Committee expired in 1993, and modification of the Code to remove its reference does not have a particular social equity benefit or burden.
